D.O No.9-4/2020-EE.1

Dear Sir/Ma'am,

We are committed towards new age learning to be a leading nation of the world and to achieve this holistic target undoubtedly education has a pivotal role to play. Investing in the human capital is the best investment and it has far reaching impact for the enhancement of productivity and prosperity of the nation.

2. Now, India has achieved near-universal access to schooling. However, learning levels stills need targeted interventions for improvement. In view of this, the education sector has undertaken several reforms in the last 7 years. The aim of these initiatives is not limited to cognitive development but also towards developing well rounded individuals with 21st century skills. Besides, enhancing employability and providing better employment opportunities have also been one of the main aims among others.

3. Various initiatives and provisions such as Exemplar school, Holistic progress card, Toy based learning-pedagogy etc. have been made in the Union Budget, 2021-22 to enhance the accessibility and the quality of education as a whole, particularly school education. The Department of School Education & Literacy has prepared a comprehensive strategy document for the implementation of these 10 budget announcements which elaborates the Aims and Objectives, Implementation Strategy, Proposed Interventions, Monitoring Mechanism of the Scheme, Timelines for Implementation, Risk Assessment and Mitigation, Expected outcomes from these announcements after detailed discussion with all the stakeholders.

4. I am happy to share this booklet on Implementation Strategy on Budget Announcements (2021-22) with you. It can be accessed from the link below:

<https://drive.google.com/file/d/1eH2EZphzK8c6eCuUNjt4dGttsunQ2LEW/view?usp=sharing>

5. Also, I would request to circulate this among stakeholders for better dissemination and implementation of the budget announcements.

With regards

Yours sincerely,

Anita Karwal
